

We're 10

let's celebrate!

#metropixisten

2005

Metropix opens for business!
3D Walkthroughs are launched

Our MD Brian Farrell in 2005

This year marks the 10th anniversary of Metropix and we'd like to thank all our customers for helping us reach double figures!

We are proud to have introduced the market's first easy-to-use floor plan drawing tool back in 2005: we made it easy for agents to introduce floor plans on ALL property details, and today, almost seven million plans have been produced on Metropix as a result.

We're looking back at how things have changed, so do join us in a little trip down memory lane...
